

Shake On It Dog Training presents: Treibball For Fun
Hosted by Side By Side Dog Training

Classes are held at Side By Side Dog Training, 2019 E 3300 S, Salt lake City, 84109, Sundays @ 12:00pm.

Vet care must be kept current during your participation in class.

Classes will be focused on teaching all the skills needed to play Treibball with your dog. Our class will most closely resemble the National Association Of Treibball Enthusiast game parameters. Treibball is a fun way to exercise your dog's mind and body, build or improve your relationship, and learn to cooperate as a team. Treibball is open and flexible to any breed of any size, age, or athletic ability. In the game of Treibball the dog must gather and drive large exercise balls into a goal one at a time. The object of the game is to get all the balls into a goal within a set time. Treibball is a mix of herding, billiards, and soccer that you can play with your dog! The dog works in close cooperation with the handler, who is only allowed to use whistles, verbal or hand signals to direct his dog. No verbal or physical corrections may be used in Treibball. The dog and handler must communicate effectively to herd one ball at a time into the goal within the time limit. The dog and handler team are scored on cooperation, time and errors.

Bring to class:

- Your dog on a flat buckle or body harness
- 4-6-foot Leash (please no retractable leashes) and 10-15-foot-long line
- Water and small water bowl (optional)
- 4 easy to transport small mats – yoga mat cut up, puzzle mats, small towels, etc.
- You will need to find and purchase at least 1 exercise ball. The ball should be at least shoulder height to your dog or higher.
- A stuffed Kong or chew bone for your dog to focus on during breaks or while waiting for class to start.
- Lots of very small, very yummy treats and canned puppy food or meat, sweet potato, pumpkin baby food (look on the ingredients and make sure there is no onion powder) – no puppy food or crunchy biscuits. We recommend stopping in at our neighbor's, The Dog's Meow, to stock up on treats before class!
- A treat pouch, hooded sweatshirt, fanny pack, carpenter apron, or something with big pockets to put your treats in while you are working with your puppy. We will be providing syringes to be used for your baby food. If you bring canned puppy food you will need to bring a delivery method for it such as a spoon or having it stuffed inside a rubber toy. Treat pouches are available at class, at The Dog's Meow, or online.
- A favorite toy that is not a ball and does not squeak.
- Poop bags.

This is a rolling enrollment class – which means you can start, and come, when it works best for you and your dog. All ages and all breeds are welcome.

Please do not feed a meal before coming to class (or feed a very small meal).

Please do not come to class if you and/or your dog are not feeling well.

- Please bring your equipment into the room first and get set up, then get your dog.
- Take your dog potty, then bring your dog into the training center.
- Once you are in the room with your dog, please help your dog hang out on his/her mat to be ready for class to begin.
- Please, no visiting with the other dogs before class.

We look forward to meeting you and your dog!! If you have any questions please contact: Jamie Flanders 801-599-4385, Jamie@shakeonitdogtraining.com or Laurie Schlossnagle, 801-643-6272, rlydogs@gmail.com, www.sidebysidedogtraining.com.
